Dr Karen's Take

WHOOSH! Year one done. A-MAZING huh?

I must give credit where credit is due - to those amongst us who work tirelessly in the background and never gave up hope - YOU, the parents! Without your unwavering belief in your child's potential success, Oak Bridge Academy would have remained a dream in the mist. Instead, Oak Bridge Academy stands as a shining example of what is possible.

So much is possible! Swimming - check; Kung Fu -

check; Student newsletter - check; Music Therapy - check; Young Engineers - check! Gymnastics - check!

Bravo! Bravo! Bravo! Big round of applause and cyber-confetti toss for everyone - parents, teachers, support staff, admin staff, cleaning staff, Forward Church staff, donors/patrons, board members and (we must not forget...) the police and fire departments.

What is possible for next year? More of the same, only better!

Have a wonderful summer!
Dr Karen

Kathie's Corner

As I reflect on our first school year, I am in awe. Our students are truly inspirational. Their growth, unparalleled. Our students have moved well beyond "just getting by" in the classroom, to performing with high academic success. These same students who in the public school system, spent their days walking the halls, sitting in the office or being sent home, are now valued and contributing members of our school. Our students are making friends and are demonstrating true leadership skills. Our students are motivated to persevere because they are beginning to genuinely believe they matter and truly believe they CAN be successful.

I find it difficult to articulate the dedication and commitment of our teaching staff. Our teachers, therapists and administrative assistant have gone over and above "the call of duty." They worked collaboratively, problem-solved, and took chances. Yes, there were tears at times. Yes, there were hard moments. But these pale in comparison to the countless opportunities to celebrate student successes and cheer with reckless abandon.

Kathie Shaw, MSW, BCBA (Principal)

All of our staff took a leap of faith into a great unknown, took a risk on a dream and emerge beaming with pride, stronger and more fulfilled than ever.

Undoubtedly a HUGE success, our first year surpassed all expectations. Like its students, Oak Bridge Academy will continue to learn and grow from its successes and challenges and, most importantly will continue to soar above and beyond!

Watching staff and students flourish, I am humbled and deeply moved.

Dreams do come true!

See you in fall!
Miss you already, Kathie
